

GSC 2020 | General Body Meeting

July 28th, 2020

Discussed items:

- The KC3 Education Domain group is now investigating the options of the classes (Online vs in Person). The commencement will likely be virtual. Many ideas for students to be emotionally included have been brainstormed.
- Michael gave an overview of CampusConnect, which is a new platform for Graduate Events & Recreation. Elections, events, and emails should be sent via CampusConnect.
- Sakhaa shared the outcomes of the meetings on Entrepreneurship bootcamp. She asked them to provide GSC with infographics for social media.
- The career fair will be held in October. A discussion once a month with a company continues to happen.
- Sakhaa proposed that the Entrepreneurship should give small packages of skills. Ammar suggested Sakhaa to make a hand-on session as a GSC officer, sharing her own experience.
- Michael raised the concern of new students coming without quarantine. Ammar responded that Saudi students will be quarantined for three days until their test results showed negative. Then, they will be placed under restrictive activities for 14 days.
- Sarah mentioned the graduate affairs team was receptive to making a unified channel about research labs. The information will not be available for the orientation.

Action Items:

Action Item	Assigned to	Due Date
Weekly GSC posts	Mawadah	Ongoing
